

## Opportunity to participate in a research project

**Do you have a personal or professional connection to Autism?**

**Are you interested to share your thoughts about Autism training?**

**We want to find out more! Keep reading!**

As part of a PhD project titled “What are the factors that impact learning outcomes when training people about vulnerable communities?” we want to **understand the type of training** people with a personal or professional connection to Autism would prefer.

—> **What type of training about Autism would you prefer?** <—

Our courses related to this research are led by **lived experience stories and the voices of the Autism community**.

As a member of your peak body, we want to find out more about your training preference via our online survey.

The survey will take **just 20 minutes to complete** whilst you share with us the type of training you would prefer when learning more about Autism.

**You can help us create and enhance training about Autism!**

To participate, **simply follow this link** <https://www.surveymonkey.com/r/DQQKZN8> to access the online survey.
